

Pendulum Business Loan Brokers L.L.C.

www.PendulumBusinessLoanBrokers.com

Hiram R. Davis, the founder of Sweetwater Pipeline Company, has developed a Business Model to Create a **Natural Gas Economy in 34 Emerging Markets and Developing Countries.**

Sweetwater Pipeline Company is working to procure Natural Gas Investment Bankers in each of our thirty (30) European countries to become a Limited Partner of our Securities Division – Pendulum Securities, to work to procure Natural Gas Field Drilling Lease Contracts for LNG Export to European countries and to work to help **Create a Natural Gas Economy in the 34 Emerging Markets and Developing Countries.**

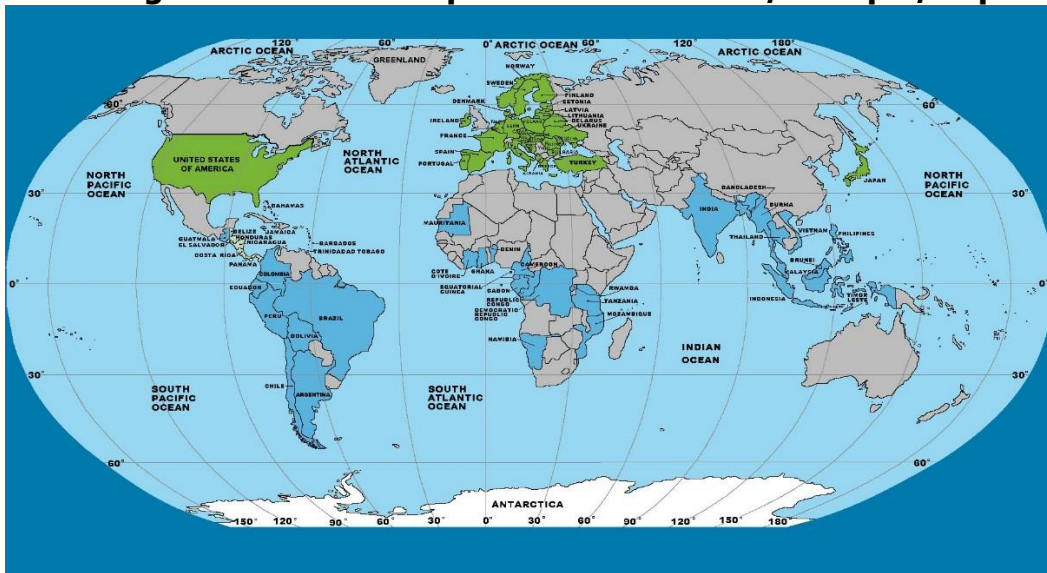

Business Banking – It is absolutely necessary for **European Banks** to provide **Small Business Loans** to Small Component Part Manufacturing Businesses in their domicile country in **Europe**, to allow the European Small Component Part Manufacturers to Partner with Small Manufacturers in the United States and in Japan, to develop **Small Component Part Manufacturing Partnerships**, to manufacture New Products that they do not manufacture today, **Exclusively** for the **Export Market** to their New Cooperative Manufacturing Assembly Plants in our 34 Emerging Markets and Developing Countries.

Hiram R. Davis, is working to invite Bank Merger & Acquisition Securities Broker Dealers to become a Limited Partner of the Securities Division of Pendulum Securities – Pendulum Limited Partners.

Bank M & A Securities Broker Dealers that become a **Pendulum Limited Partner**, will work to procure a **Community Bank** that can be Purchased by the **Limited Partners of Pendulum Bank Corp** in the U.S.A.

Community Banks purchased by Pendulum Banc Corp will retain their Bank Trade Name to become the Regional market area Bank Business Loan Originator for Small Manufacturing Business Loans representing Pendulum Business Loan Brokers L.L.C., for Bank Loans that will be Funded by the European Bank Partners of Pendulum Business Loan Brokers L.L.C. in our 30 European countries.
